TO: PARENT(S)/GUARDIAN(S) OF DISTRICT 217 STUDENTS

FROM: DAVID BLACK, SUPERINTENDENT

DATE: NOVEMBER 14, 2011

RE: BREAKFAST/LUNCH ACCOUNT NEGATIVE BALANCES

This memo is to reiterate/clarify the procedure that is followed at Abingdon CUSD 217 schools with regard to negative balances on a student's food service account.

The District does not loan money to families for school lunch or breakfast. Free and reduced priced meals are available through the school lunch program at all district schools. Applications are available in all offices.

When a student's account reaches zero or below (up to negative \$5), no ala-cart (AMHS) or extra items of any kind will be allowed.

As is stated in the student handbook, when a student's account reaches negative \$5.00 or more, the main course on the meal will be substituted with a peanut-butter sandwich. The lunch will continue to be charged to the account. This will continue until the account is paid-in-full.

Payment for your child's food service account may be sent to the school office to be credited to their account. You may also pay online at our school website www.abingdon.k12.il.us Click the e-pay symbol to use the online payment service. The symbol looks like this:
